

Dear Parent(s)

Your child ----- hurt him / herself slightly at school to day. A person trained in first aid has seen him. S/he does not seem to have suffered any after effects from the incident. If you think you need to take him to a doctor for further treatment I would be grateful if you would let me know the result.

Yours sincerely,

Head teacher

**Dragi roditelju/i,**

**Vaše dete, ----- se danas lakše povredilo u školi. Osoba obučena u postupcima prve pomoći pružila mu je prvu pomoć. Kako vidimo, povreda nije ostavila nikakvog traga. Ukoliko Vi smatrate da treba da Vaše dete odvedete kod lekara na pregled radi eventualne terapije, bili bismo Vam veoma zahvalni da nas izvestite o ishodu takvog pregleda.**

**Srdačan pozdrav,**

**Upravnik škole**
