

Dear Parent(s)

Your child ----- hurt him / herself slightly at school to day. A person trained in first aid has seen him. S/he does not seem to have suffered any after effects from the incident. If you think you need to take him to a doctor for further treatment I would be grateful if you would let me know the result.

Yours sincerely,

Head teacher

Dragi parinti

Copilul dumneavoastra ----- s-a lovit putin astazi la scoala. O persoana instruita in acordarea de prim-ajutor a fost consultata. Copilul se pare ca nu sufera de efecte secundare de pe urma incidentului. Daca credeti ca este nevoie sa mergeti cu el/ea la doctor pentru tratament, va rog sa ma instiintati de rezultat.

Cu respect,

Director
