INTRODUCTION & DISCLAIMER

This is a list of childcare providers which will be offering 15 hours of early education for 2 year olds at their setting. If you require additional hours to fulfil your needs, you will need to buy extra hours. In this case you will need to check if your chosen provider offers extra hours. You can also make arrangements for the extra hours with any other registered childcare provider of your choice.

This provider list is accurate on the date of issue, it records providers intentions in relation to the 15 Hours offer - and is subject to change.

DEFINITIONS OF THE DIFFERENT PROVIDERS

All providers of the 15 Hours Entitlement follow the Statutory Framework for the Early Years Foundation Stage, which sets the standards for learning, development and care for children from birth to five.

All providers are under the same Common Inspection Framework and have a duty to meet learning and development requirements, as well as the safeguarding and welfare requirements for your child.

Places in Day Nurseries

Day nurseries can be run by private, voluntary or independent organisations. They can offer education and care for children aged from 3 months to five years and commonly offer day care from 8am to 6pm, Monday to Friday, most weeks of the year. Some offer even greater flexibility of hours.

Places in Pre-Schools & Playgroups

These run in a similar way to day nurseries, but have tended to be sessional-mornings and/or afternoons. They normally offer education and care for children aged from two to five years but may offer sessions to younger children. They are usually open during school term time only.

Places with Childminders

Childminders are trained professionals who provide education and care in their own homes, for children aged from birth to eight. They are able to offer flexibility, are usually available from 8am-6pm, Monday to Friday, and sometimes weekends, most weeks of the year.

Places in Local Authority Early Education

Most nursery schools and nursery classes in infant and primary schools provide education and care for children aged from three to five. Some also offer two year old places. They usually work on a sessional basis, mornings or afternoons.. They are usually open during school term time only. Some nursery schools may also offer care before and after the sessions, through an after school club.
