Dear Occupier,

**Re: Dames Road Section of the Cycle Quietway Route 6 – Detailed Proposals**

Newham Council is committed to creating better and safer routes for cyclists across the borough to encourage more people to cycle.

We are currently working with Transport for London on the ‘Quietways’ Programme to provide new cycle routes across London on low-traffic streets, through green spaces and within residential areas. The ‘Quietways’ routes aim to make cycling and walking safer, and more attractive to people of different ages and abilities.

The first route proposed is ‘Quietway Route 6’ and will run through Newham, connecting the City of London with the Queen Elizabeth Olympic Park and northeast London. To create ‘Quietway Route 6’ we are proposing to make some changes to the road layout on Dames Road. We consulted with you on the initial proposals in summer 2015, and have considered your comments.

We have now prepared detailed proposals, which are shown on the plan overleaf, and include:

- Relocation of the pedestrian crossing and adding a new crossing for cyclists
- Creating a raised table at key junctions to reduce speeds and improve safety for all road users
- Relocation of the bus stop near Bignold Road

If you would like to share your views on ‘Quietway Route 6 – Dames Road Section’ please complete the comment sheet enclosed and return it using the FREEPOST envelope enclosed by Friday **28 October 2016**. Alternatively, you can provide comments by emailing us at **Quietways@newham.gov.uk**

For more information visit our website at: **www.newham.gov.uk/Quietways**
The Quietways scheme proposes no loss of full time parking capacity.
