

£40 million water supply upgrade for Newham

Delivering

- Improved reliability and high water quality.
- Fewer leaks and unplanned supply interruptions.
- Future-proofed network to meet growing demand.

Plaistow Police Station Stop BK will need to be closed during phases 1 and 2

Starting 5th Jan

We'll begin work to replace the water pipe along Barking Rd. This will be done in phases to minimise disruption as much as possible.

The 1st phase will be near the junction with Cumberland Rd.

Barking Rd will be reduced to single file traffic and give way signs will be in place to manage traffic.

Initial phases for Barking Road

Phase 1: Starts 5th Jan 2026

- Single file traffic
- 1 bus stop will need to be closed

Phase 2: Starting once Phase 1 is complete.

- 2-way traffic lights
- Junction of Barking Rd onto Liddon Rd will be closed
- 2 bus stops will need to be closed

Phase 3A: Starting once Phase 2 is complete

- 4-way traffic lights
- 1 bus stop closed.

Phase 3B: Starting once Phase 3A is complete

- 4-way traffic lights
- Parking bays suspended
- 1 bus stop closed

We're progressively upgrading pipes along roads in East Ham and Forest Gate.

This map shows all the roads we plan to work on. We'll share updates online and deliver letters with more information before we start on your road.
