

Your waste collection service is changing

Look out for your new collection point near your flat!

For more information, please visit newham.gov.uk/timedcollections

What's changing?

- More streets will receive timed collections
- Collection times have changed
- We are introducing purple bags for rubbish
- We are introducing orange bags for recycling

What do I have to do?

Living on a timed waste collection road means that you will only be able to place your bags out for collection within your set times each day.

Please leave your rubbish in closed purple bags and your recycling in closed orange bags at the set times **ONLY**.

How will I receive my purple and orange bags?

We will deliver purple and orange bags every six months. If residents require more bags before their next scheduled delivery, please visit our website.

newham.gov.uk/timedcollections

What happens if I don't use the coloured bags or put my rubbish out at a different time?

Residents who don't follow the correct procedure not only risk their street being littered with household rubbish or recycling, but may also face a fine. Putting rubbish or recycling out on

the street for collection at any other time may result in a £200 fixed penalty notice, £1000 fine or prosecution.

Where do I put my bags?

Please place your rubbish and recycling under the timed collection signs displayed on your street.

See example below.

When does this service start?

You can start using the new bags and times for collections as soon as you receive your new rolls of orange and purple bags.

What about businesses?

Businesses that have bag collections from their trade waste company must place them out at the same time as resident collections. Newham's purple and orange bags are only for the use of residents in flats above shops.

What can I recycle?

You can now use your orange bags to recycle. Please place your recycling clean, dry and loose into your orange recycling bags.

For more on what you can recycle locally, visit newham.gov.uk/recyclingwaste

Please do not put these items in your orange recycling bags.

Share your thoughts

We will be introducing a new food waste recycling service in the coming months. To tell us

how you would like your service delivered, please complete a short survey by scanning the QR code.

New timed collection schedule

Collection days are Monday-Saturday.
