HOW TO USE QR CODES TO CHECK INTO A VENUE
User guide

NHS Test and Trace

**1** Download the NHS Test and Trace app from the App Store or Google Play Store.
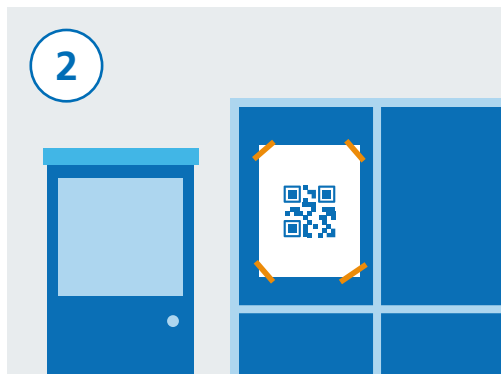

2 When you visit a venue, check to see if there is a NHS Test and Trace QR code poster on display.

3 Open your NHS Test and Trace app and tap 'Venue Check In'. Now use your smartphone camera to scan the QR code on the poster.
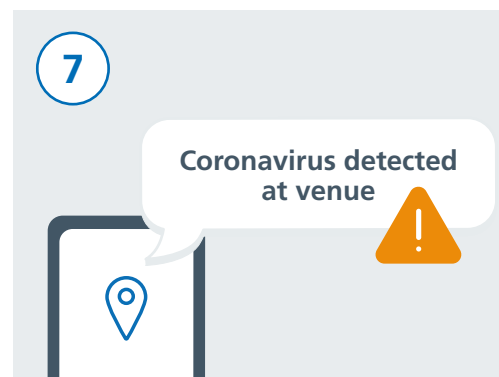

4 The time and date of your visit will be stored on the app. It will not be sent or shared with anyone else.
5 After scanning your QR code on the poster, you are now successfully checked in.

6 If you go to another venue, open your NHS Test and Trace app and tap "Venue Check In". Now use your smartphone camera to scan their QR code poster.

7 Coronavirus detected at venue

You may get an alert if NHS Test and Trace identifies that you have recently visited a venue where you may have come into contact with coronavirus (COVID-19).
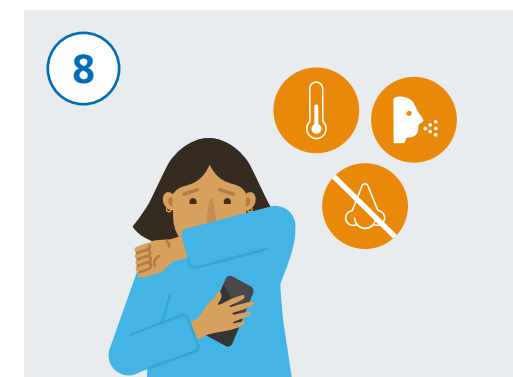

8 If you develop coranavirus (COVID-19) symptoms, make sure to record them in the app and follow Government guidelines/advice.
