

NEWHAM WEEKLY COVID-19 STATISTICS

Updated: 19th May for period 9th to 15th May 2021

www.newham.gov.uk/coviddashboard

Second wave cases

7 day case rate for Newham

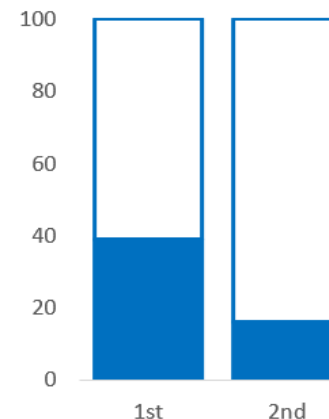

Vaccination coverage (up to 16th May 2021)

130,539 first dose given (39% of population). Of these:

- Cohort 1: 239 to older residents in care (92%)
- Cohort 2: 3,594 to 80+ (83%)
- Cohort 3: 3,081 to 75-79 years (82%)
- Cohort 4: 5,139 to 70-74 (82%) 12,763 to CEV (79%)
- 91,742 to under 70 years (32%)
- 2,343 to frontline health and social care workforce

*Cohort breakdown recalculated to avoid double counting therefore individual cohort counts won't match previous data

WHAT DOES THIS MEAN?

The number of new Covid-19 cases has risen slightly this week to 46 but remains low. Testing is down slightly, with a very small rise in positivity. 130,539 first dose and 53,251 second dose vaccines have been given (up to 16th May).

With concerns over new variants it's vital that everyone currently eligible gets a vaccine when offered; getting vaccinated protects the whole community and not just yourself. Book yours at www.newham.gov.uk/bookyourvaccine

Community transmission of Covid-19 remains a risk so it is important to:

- Test yourself regularly, even if vaccinated: www.newham.gov.uk/rapidtesting
www.newham.gov.uk/hometesting
- Wear a face mask when around others or when in indoor places.
- Ensure you isolate if you have symptoms, test positive or are a contact. Support is available. www.newham.gov.uk/coronavirus
