

NEWHAM WEEKLY COVID-19 STATISTICS

Updated: 2nd Feb for period 23rd Jan 2022 to 29th Jan 2022

WHAT DOES THIS MEAN?

The number of new COVID-19 cases fell this week with 2,292 cases. Testing also decreased.

241,528 first doses, 214,048 second doses, and 121,762 third dose/booster vaccines have now been given (up to 2nd Feb).

Case rates are falling in Newham and nationally but please continue to get tested and get the vaccine when offered.

England have returned to Plan A, with Plan B measures being removed. See the latest guidance here <https://www.newham.gov.uk/coronavirus-covid-19/latest-guidance>

Getting vaccinated protects your loved ones and not just yourself. Book yours at: www.newham.gov.uk/bookyourvaccine

Community transmission of COVID-19 remains widespread so it is important to test yourself regularly, even if vaccinated: www.newham.gov.uk/rapidtesting

Isolate if you have symptoms or test positive. Support is available: www.newham.gov.uk/coronavirus
