

**LONDON BOROUGH OF NEWHAM**  
**LOCALISM ACT 2011**  
**THE ASSETS OF COMMUNITY VALUE**

**NOTICE OF DETERMINATION OF COMMUNITY NOMINATION**

1. A Community Right to Bid Nomination was submitted to the Council by Pauline Rowe on behalf of the Friends of Queens Market seeking to have Queens Market, Green Street, London E13 9BA listed as an asset of community value pursuant to the provisions of the Localism Act 2011.
2. Pursuant to Section 89(2)(b)(iii) of the Localism Act 2011 and Regulations 4 and 5 of the Assets of Community Value (England) Regulations 2012, the Friends of Queens Market are a voluntary or community body being an unincorporated body whose members include at least 21 individuals and which does not distribute any surplus it makes to its members. The body has a local connection with land in the Council's area as its activities are wholly or partly concerned with the Council's area. The Community Nomination fulfils the criteria of Regulation 6 of the above-mentioned Regulations, and is accepted as a valid community nomination.
3. The Community Nomination sought the listing as an asset of community value of Queens Market, Green Street, London E13 9BA as shown edged red on the plan comprising Appendix 1 to this notice. There are a number of parties with freehold or leasehold interests in part of the subject land as listed at Appendix 2 to this notice. Notices under Regulation 8 of the Assets of Community Value (England) Regulations 2012 were served on all the parties listed in Appendix 2 on 29 June 2015.
4. The Community Nomination asserts that Queens Market is an open and permeable space which is a social space where different communities from the multicultural Borough of Newham interact, and thereby strengthens community cohesion. In one of London's poorest boroughs the market enables transient and low income communities to buy cheap, affordable goods and fresh, healthy, affordable and culturally appropriate food. It

provides local jobs and entrepreneurial opportunities for local people. It is a key resource and point of social reference for displaced communities which have resorted to Newham. The market has formed part of the local heritage for over a century. It was first located in Queens Road but latterly in the current location in the square adjacent. The Community Nomination considers Queens Market to have a real community importance and that it furthers to social wellbeing and social interests for the local community.

5. Section 88(1) of the Localism Act 2011 provides that land is of community value if in the opinion of the Authority:

a. An actual current use of the building or other land that is not an ancillary use furthers the social wellbeing or social interests of the local community, and

b. It is realistic to think that there can continue to be non-ancillary use of the buildings or other land which will further (whether or not in the same way) the social wellbeing or social interests of the local community.

6. The current use of the subject land is as a market serving the local community and providing a community meeting place. No evidence has been submitted that this use is likely to change in the foreseeable future.

## 7. DECISION

**Queens Market, Green Street, London E13 9BA and show edged red on the plan comprising Appendix 1 to this notice, fulfils the criteria of Section 88(1) of the Localism Act 2011 and is land of community value. It shall be included on the Council's list of assets of community value.**

8. Reasons for the Decision

It is accepted that Queens Market is a place of resort and social interaction for and provides services to the local community. In so doing it furthers the social wellbeing and social interests of the local community.
