What's been achieved so far?

- This community plan that we've just completed has been the result of over 6-7 months of collaborative effort between local people and the council.
- Since September 2018 a new culture of participation is gradually taking root
- By the end of March over 40 assembly events will have taken place.
- They have demonstrated how local people can discuss and put forward proposals in a harmonious and constructive way
- Newham's Assemblies are also giving a voice to – The Youth, The Deaf Community and Disabled People.

Green Street Community Assembly

What's been achieved so far?

- The People's Budget Forum has seen the beginning of bringing local people into helping the council make budget decisions.
- The Our Streets Transport and Parking engagement brought the digital democracy platform (Polis) together with Forum events to work on complex issues in a civil and constructive way.
- The council is listening and with the help of residents we can get better results together
- So the next round is about your feedback. What do you think has been positive? What needs to be improved?
