4 (3) Complies with the Duty to co-operate	Yes		No	

Please tick as appropriate

5. Please give details overleaf of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The current Local Plan is not in compliance with legal requirements and does not fulfill the obligation to collaborate effectively. This is largely due to its insufficient provisions for community facilities, which overlook the urgent needs of our diverse population. The existing resources do not adequately meet the daily needs of our community, especially for women and children, thereby limiting participation and inclusivity. The proposal from the landowner presents a feasible solution by offering sufficient space for all community members. However, the Key Route proposal within the Local Plan threatens to restrict the Mosque's size, worsening existing issues and hindering our ability to serve our congregation effectively. Maintaining the same size as the current facility would disregard the growth and needs of our worshippers, compelling many to look for alternative venues for their religious practices, which would undermine community cohesion. In a borough as diverse as Newham, it is crucial for our Local Plan to include infrastructure that acknowledges and supports this diversity. Failing to do so risks not only legal compliance but also neglects the essential needs of the community it is designed to serve.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

To enhance the legal compliance and soundness of the Local Plan, it is essential to modify it to prioritize the actual needs of our diverse community, particularly regarding the provision of adequate worship facilities. The current inadequacies of our existing facilities, which hinder participation, inclusivity, and effective service delivery, demonstrate a clear disconnect between the Plan's proposals and community requirements. By increasing the size of the proposed replacement facility, we can ensure that it accommodates all members of our congregation, particularly women and children, who are currently underserved. Such a modification would not only align with the principles of community inclusivity, a fundamental tenet of sustainable development, but it would also adhere to legal obligations under the Equality Act, promoting equality of opportunity for all community members. Furthermore, addressing the current inadequacies would help to nurture a more robust community spirit, directly contributing to the social cohesion and diversity that Newham prides itself on. Failure to consider these modifications risks perpetuating existing disparities and undermines the legal compliance and soundness of the Local Plan, making it essential that these changes are implemented.

(Continue on a separate sheet /expand box if necessary)
