To whom it may concern,

I am writing to object to land use policy on the site of Abbeymill.

We have been waiting many years to have a purpose built Mosque built on this site since it was purchased.

I am extremely disappointed that such ideas would even be discussed to use this land for anything other than the proposed Mosque by the land owners. Muslim women were finally going to have a site that they could go to pray as there are no purpose built mosques where they could go in east London where women's facilities are present. This goes completely against the equality act 2010.

Please do not let this plan go ahead. We are so in need of this mosque which will also build the housing that is needed.

I hope my concerns are looked at.

Kind Regards

Muhammad Patel
