| 4 (3) Complies with the<br>Duty to co-operate | Yes | <input type="text"/> | No | <input type="text"/> |

5. Please give details overleaf of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

---

The Local Plan as it currently stands is fundamentally unsound and fails to comply with the duty to co-operate, largely due to its inadequate provision for community facilities that do not meet the day-to-day requirements of our diverse population. The existing structures are woefully insufficient, lacking the necessary space to cater to all worshippers, especially women and children, which directly hampers participation and inclusivity within our community. Simply retaining the same size as the current facility will not rectify these deficiencies; it is essential that any proposed replacement ensures ample capacity reflective of our growing congregation's actual needs. The inadequacies of the present facility have already forced many worshippers to seek alternative venues for their religious practices, undermining community cohesion and spirit. I also completely object to the Local Plan's Key Route proposal as it will limit the size of the Mosque, hindering community participation in prayer and accessing community facilities, ultimately not addressing the concern of the limitations of the existing small facility. Furthermore, while Newham prides itself on its diversity, the current draft proposal neglects to incorporate diverse infrastructure that would support and enhance this rich community, as the landowner's plan, with its careful consideration and inclusivity, enables retail shops and housing infrastructure alongside the Mosque to be built. It is imperative that the Local Plan be revised to responsibly address these shortcomings, fostering an environment where all members of our community can thrive in a way which takes onboard their concerns rather than neglecting them. I therefore urge you to take on the proposal drafted by the landowner as it considers the concerns of the wellbeing of the faith community.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

---

To meet the community aspirations and address the community concerns, please consult the Landowner who has carefully considered the wellbeing of the wider community through building retail shops, housing alongside a large enough Mosque enabling male and female usage. This is important to me as someone who is unable to use the current premises for my religious worship due to inadequate facilities yet the Local Plan is completely failing to address these inadequacies.
