5. Please give details overleaf of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to cooperate, please also use this box to set out your comments.

The Local Plan is not legally compliant and is unsound for several critical reasons:

Our community is eager to collaborate with the landowners and relevant authorities to deliver a replacement facility that meets our needs. We believe that working together can lead to a solution that benefits all parties involved.

**Inadequate Facilities:** The current plan fails to address the inadequate facilities that are central to our community's daily needs. The existing structure, which is too small, limits access for worshippers, particularly women and children. This lack of adequate space prevents full participation and undermines the inclusivity essential for a diverse borough like Newham and does not help the local community.

**Failure to Reflect Community Needs:** The proposed retention of the facility's current size disregards the clear and growing demand within our congregation. Any replacement facility must be designed with the actual needs of the community in mind. Without expanding the facility's capacity, the plan is set to perpetuate the current inadequacies, further disadvantaging the community.

**Alternative Locations and Fragmentation:** Due to the insufficiency of the existing facility, worshippers have been forced to seek alternative locations, fracturing the unity of the community. This situation diminishes the collective community spirit and contravenes the council's stated goal of fostering community cohesion.

**Lack of Inclusive Infrastructure:** While Newham prides itself on diversity, the draft plan fails to provide the necessary infrastructure to support its diverse population. There is a lack of inclusive infrastructure designed to meet the specific needs of underrepresented groups, including the elderly, women, children, and those with disabilities.

**Duty to Cooperate:** The draft plan does not sufficiently engage with local stakeholders, including our local community. This failure to meaningfully collaborate demonstrates non-compliance with the duty to cooperate, which is a legal requirement.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

To make the Local Plan legally compliant and sound, the following modifications are necessary:

**Community Engagement and Collaboration:** Our community is eager to collaborate with landowners and the relevant authorities to design and deliver a replacement facility that reflects the actual needs of its users. This collaboration is essential for ensuring the facility is functional, inclusive, and adaptable to future growth. The plan should specifically outline mechanisms for ongoing consultation with the community to ensure compliance with the duty to cooperate.

**Comprehensive Needs Assessment:** The Local Plan must incorporate a comprehensive needs assessment for the proposed facility. This assessment should consider the current and projected demographic tr
