Positively Prepared – I feel this project does not fulfil the remit for the following reasons.

1. Many issues need to be addressed and rectified in the High St itself before further building of homes can be considered. This should have been done before the recent new builds were undertaken. Eg

- The High St is unattractive and rundown and needs to be improved and standards raised.
- Crime levels are high and create a hostile environment.
- New shopping mall practically empty, empty shops. Need to make shopping area more vibrant.
- High St already dark and a wind tunnel in places due to new high rise buildings. This plan would make this worse. The High St is not wide enough to take the height of building without significant loss of natural light.

Are these homes going to be affordable? (By Newham wages standards). Are all other new builds on High St occupied to warrant this build?
Vague statements under Design Principles section – (p559).

Green public realm – where will this fit in an already congested space? Who will be responsible for maintenance? Whilst I commend pocket parks/green realm – many in Newham attract rubbish and groups of men.

Statement – ‘conserve and enhance East Ham Town Centre Conservation Area’ not sure how adding more stories to an existing high building does this.

Statement – ‘minimise exposure to poor air quality’ – any building work only increases this as does emissions from homes.

Losing part of car park. – Losing the car park (the only one left in the High St – already lost 2) how will shops receive deliveries as front is pedestrianised?

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

(Continue on a separate sheet /expand box if necessary)

Please note In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
