Name of the Local Plan to which this representation relates: Newham Built Leisure Needs Assessment

**With reference to Water Sports – Assessment
Summary Stage B 6.252 – 6.272**

Sir/Madam,

I am Chair of the Royal Albert Dock Trust (“RADT”). The RADT manages the Royal Docks Watersports Centre and manages all access for watersports on both the Royal Albert Dock and the Royal Victoria Dock to the East of the footbridge. I have read the Assessment Summary Stage B for water sports in Newham. I would make the following introductory comments:

- 1. The Royal Albert Dock (“RAD”) and the Royal Victoria Dock (“RVD”) are incredible facilities. The RAD is only one of two accessible 2,000m courses in the South of England.**
- 2. We have the Sports clubs listed, many of which are very much part of the Newham community, operating at the RAD. They pay a relatively small amount to access the water.**
- 3. The RADT is a charity that furthers its objectives through our charitable partners. London Youth Rowing (“LYR”) delivers rowing and canoeing courses for young people on the RAD, the Marine Society and Sea Cadets (“MSSC”) delivers sailing and other boating on the RVD and Atlantic Pacific delivers power-boating safety courses and instruction on the RVD.**

With regard to the Assessment itself:

- 1. Consultation: Evidently you contacted governing bodies but had no response. The CEO of British Rowing is on the board of the RADT as is a senior representative of British Canoeing. They both have a strategy for using the docks more and for increasing access/participation to their sports particularly in places of relative deprivation. Who did you contact?**
- 2. Consultation: Why did you not contact the CEO of the RADT? He sits about 200 yards from your council building.**
- 3. Availability: Yes, the clubs charge a membership fee but, as mentioned above, this is relatively low compared to the actual cost and also we have the charitable providers mentioned.**

Newham Draft Submission
Local Plan

4. We, of course, agree with 6.271. It is very much in line with our charitable objective.
5. Supply and Demand Analysis 6.272. "There is no identified need for additional provision of watersports, but opportunities to continue develop access to this type of provision through commercial investment should be supported." We take issue with this statement. There is no identified need because there was no real analysis.

LBN is blessed with having an amazing facility on its doorstep. Considering that young people in Newham have amongst the worst health outcomes in the country, it seems incredible that the LBN does not offer every young person the chance to have a go at watersports. LYR and MSSC are experienced and also very cost-effective providers. We would very much like to discuss with LBN how the RADT can work with LBN to give young people in Newham the opportunity they deserve.
